

# HERE'S the POINT!

By SPENCE HELD

"Change of weather is the discourse of fools."

Yeah, but this was no ordinary change, Joe. This was very unusual.

As this is written, along about 1 a.m. Wednesday, the thermometer in my den stands at 87 degrees and that's too hot to write a column after fighting the heat all day.

Usually we have a breeze on the hill but tonight there ain't a breath of air. We might as well be in East San Diego for all the good that great big beautiful ocean is doing us.

The weatherman says it was 97 at Lindbergh Field Tuesday. That's too hot for this league in June — or September. Must be the "Adam Bomb," huh?

...

Speaking of Lindbergh Field, I finally saw "The Spirit of St. Louis," and enjoyed it immensely.

Jimmy Stewart is superb as the Lone Eagle; there is a minimum of phonus balonus; and the photography and dramatic impact are tremendous. . . . Paris at night—what a sight!

And Le Bourget. . . . There was never anything like it, before or since.

"Slim" Lindbergh was the only popular hero of the day who never sold out to the cigarette companies, as I remember.

...

Aw, it's too hot to write a column.

## Model Of Tuna Clipper Displayed; Was Used In Superior Court Case

Future tuna clippers of San Diego's world-famed fleet may differ sharply from their predecessors in design and construction because of a \$22,500 transparent ship model.

William C. Miller, San Diego marine surveyor, built the model with the help of Plastik-Arts, 3336 India St., in connection with a lawsuit over the sinking of its prototype, the \$395,000 tuna clipper Princess Pat.

Pending a determination of the plastic model's eventual home, Miller has agreed to place it on display starting today in the lobby of the San Diego Trust & Savings Bank, Sixth Ave. and Broadway.

"I feel that San Diego, the home port of the American tuna fleet, should have the first public view," Miller explained.

Miller has received requests from museums in London, Washington and San Francisco for use of the model as a permanent exhibit. In addition representatives from Lloyd's of London have asked him to demonstrate the features of this singular design in England to the various marine committees representing underwriters and to the London Salvage Association.

Naval architects and marine engineers interested in the construction technique and accuracy of the test results visualize use of such models as an

Donais, left, of the Union Title Insurance and Trust Co., at ceremonies last Thursday at the Kona Kai Club. Robert Crooks, right, retiring president, received a mounted miniature gavel for his year's service. Also, three new directors were elected—William Adams, Betty Tate and Richard Hilmen.

## Mother & Son Are Graduated

Two graduations in one family are not uncommon, but in the Raymond O'Mara family they were something special.

Mike, 18, was graduated last week from Point Loma High School with outstanding honors for his art work. His mother, Madeline (Tess) O'Mara was graduated the following day from State College with an A. B. degree in elementary education, and membership in the Honor Society, Kappa Delta Phi.

She started at State College after graduation from high school in 1937, but got married and raised three children, Mike, Sharon, now 16 and Larry, 13.

In 1952 she went back to State but took only 5 units so she could be home in the afternoon when the children came home from school. In 1953 she became a regular student.

Being active in PTA work, and a room mother, made Mrs. O'Mara aware of the acute teacher shortage. She was determined to raise her children well, and be ready to help others when hers were out of school.

Mrs. O'Mara will teach at Ocean Beach Elementary School next fall—and she's enthusiastic about it.

**FISHERMAN**—Johnnie La Fleur, 8, is shown with two of the eight yellowtail he caught June 12 when he took his father, Harold La Fleur, on a pre-Father's Day fishing trip aboard the Lady Angler of Mission Bay. They fished in the kelp beds off La Jolla. Mr. and Mrs. La Fleur, of 3407 Gage Pl., each caught three yellowtails. Johnnie bagged more than his weight in fish—they averaged 14-16 pounds and gave him a good workout.

One special trip is planned to the San Diego County Fair and one to Disneyland.

Buses will pick up the children at selected points in the morning and return them in the afternoon. YMCA carries insurance on the campers.

Additional information may be obtained by calling Northwest Y headquarters, 3905 Lomaland Dr. AC-3-7135.

Appointment of Eugene S. Bowman as manager of the Cabrillo Savings & Loan Association on Newport Ave. was announced this week by H. J. La Dou, president. He succeeds Max Hargis.

Bowman formerly was manager of a savings & loan association in Del Mar; prior to that he was employed for several years by a San Diego savings & loan association.

## POINT LOMA LITTLE LEAGUE

The second half of the Point Loma Little League season shapes up as rugged competition, with each manager in there to win 'em all if he can.

Monday, June 10 saw what has so far been the game of the year when Chenkins' Bob Carroll pitched a no-hitter against top spot De Falco. Bobby only allowed three men to reach first base, and none of them got any farther.

Lyle Schafer, of the losers, walked twice, dying on first once, and being forced at second when third sacker Badewitz fielded John Wenz's hot grounder. Wenz himself was left stranded when Steve Carr put an easy fly in the glove of Keystone Tony Rosa, and that was the ball game, 3-0, Chenkins.

Tuesday's tussle saw Optimists' Kelly take a 5-0 decision from Rotary's Jon Shoberg. On Wednesday, Kent Zender of Kiwanis shaded Food Basket's Larry Shade 9-6, in a free swinging battle that lasted until early evening.

Thursday, John Wenz hurled the first three innings for De Falco, and struck out all nine men who came up to face him. Reliever Steve Carr came on to twirl his teammates to a 6-1 victory over Optimist. In Friday's tilt, Dave Lauren, of Rotary, who has been the league's hard-luck pitcher, took one from Food Basket 6-2.

Saturday, Kiwanis and Jerry Hampton went ahead in early innings to beat Chenkins' Steve Curtis 8-5.

In addition to the fine baseball played at the Little League Park by the major leagues, the P. L. farmers and Pacific Coasters put on a good show every day but Sunday at Dana Junior High.

## Kiwanians Leave For Convention

James Restine and Frank McElwee, of the Ocean Beach Kiwanis Club, will attend the International Kiwanis convention in Atlantic City, N. J. June 23-27.

McElwee left Tuesday on a special Kiwanis train from Los Angeles. This will make special side trips to the Grand Canyon, New Mexico, St. Louis and Gettysburg. On his way home he will visit the New England states and Canada.

Restine, club president, was to leave today by plane for New York to attend a major league baseball game before proceeding to Atlantic City. After the convention he will be the guest of the Rheem Mfg. Co. in Chicago for two days. He is due home July 2.

Veteran car races will return again to the Southern California Exposition and San Diego County Fair at Del Mar and will be featured July 4.

## Cal Western University Acquires Building For School Of Business

With the help of a major gift from Robert M. and Kenneth H. Golden, prominent San Diego contracting firm owners, plus other gifts, California Western University has acquired an 8,000-square-foot, two-story building at Fifth and Date Sts. which it will use for its School of Business, Dr. William C. Rust, president, announced today.

The Golden donation and the others were received as part of California Western's \$1,500,000 fund-raising drive now in progress.

"We are delighted that our School of Business now has a downtown home supplied through the generosity of Robert and Kenneth Golden and other donors to the campaign," Rust said. "As San Diego grows, higher education must grow to meet it and our downtown campus will serve many hundreds of students who would not otherwise have an opportunity of getting a college education."

The building now owned by the University is located at 1729

Plans are being developed for a gala Daz-O-Fun celebration in Ocean Beach Aug. 8, 9 and 10. The annual carnival, sponsored by the O. B. Chamber of Commerce, will be a concluding event of the Fiesta del Pacifico.

Members of the Daz-O-Fun committee, headed by Bill Knopp, chairman, met Monday to discuss plans. The Chamber will award a trophy for the best-decorated store window in Ocean Beach, and prizes for the best-dressed male and female employees, it was announced.

The carnival lot at the foot of Newport Ave. will feature booths, rides and a talent show. Many valuable prizes are to be given away nightly at drawings, it was announced.

## Peninsula Residents Will Vote On Proposal For Second Aqueduct

San Diegans living within the boundaries of the County Water Authority will vote July 9 at a special election on a proposal to finance the construction of a second aqueduct to bring needed additional water from the Colorado River to San Diego County.

James Archer, chairman of the Citizens Aqueduct Water Committee, warned, "If the second aqueduct bond issue is not approved, San Diego County will face economic strangulation in the near future due to the lack of adequate water."

San Diego County faces a 7 to 10 billion gallon water shortage for the remainder of 1957.

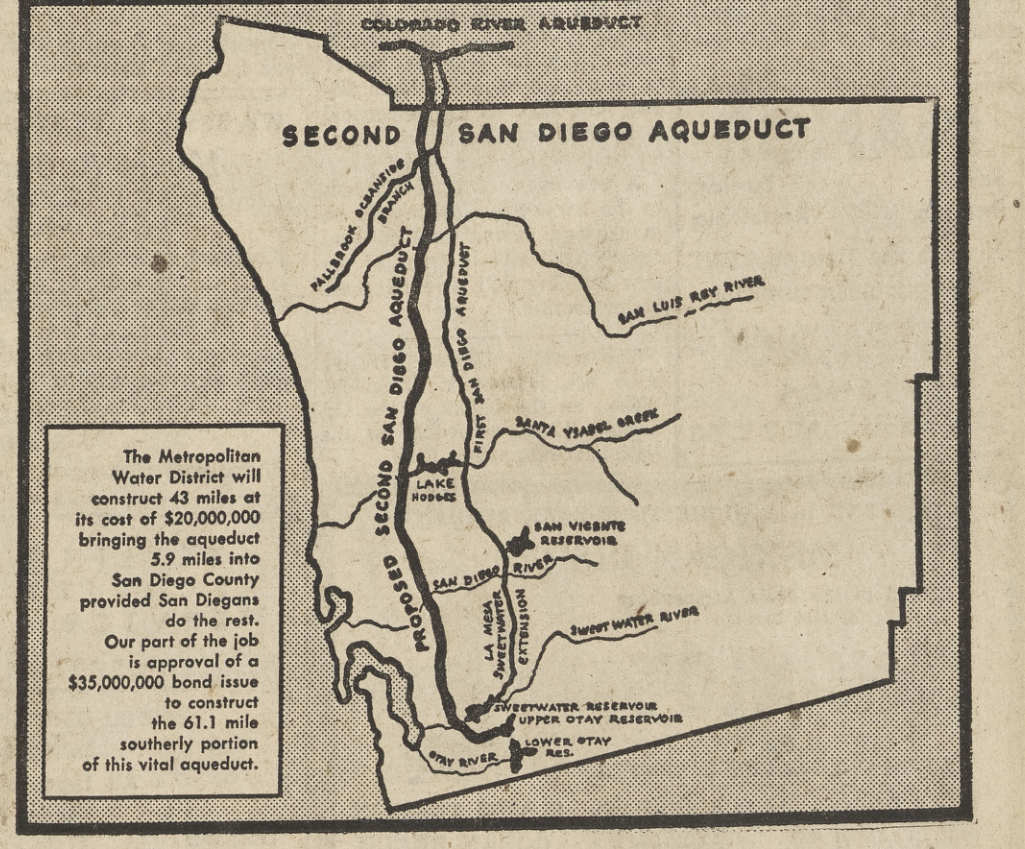

In order to avert the continuing crisis of yearly water shortages in the County, which could strangle the local economy, directors of the San Diego County Water Authority voted to submit a bond issue to the people for the construction of a second aqueduct.

The directors pointed out that the capacity of the present aqueduct is only 140,000 acre feet per year. The capacity of the proposed aqueduct will be 180,000 acre feet, thus more than doubling the supply which can be imported into San Diego County.

The present aqueduct services northern San Diego County communities and then empties into San Vicente reservoir. This city-owned reservoir is the main distribution point for the city of San Diego and other member agencies of the County Water Authority in the southern portion of the County.

The second aqueduct is a \$55 million project. The Metropolitan Water District will build the northerly portion of the San Diego aqueduct at its own cost of \$20 million provided San Diego builds the southerly portion at a cost of \$35 million, the amount to be approved July 9.

Fred Heilbron, chairman of the San Diego County Water Authority, and Secretary of the Metropolitan Water District, said the Metropolitan Water District is not only spending \$20 million on San Diego's aqueduct, but has adopted a firm policy guaranteeing San Diego County "adequate supplies of water to meet expanding and increasing needs in the years to come."

## Telephonic Chain Reaction Launched In Don't Waste Water Campaign Here

A telephone campaign was launched this week by members of the Domestic Consumer Division of the county-wide Don't Waste Water Campaign.

Its purpose is to promote a chain reaction to alert homemakers of the need for water conservation in San Diego County. The campaign is seeking to save 10 billion gallons of water this year to meet an expected drought in agricultural areas.

One thousand fact sheets were distributed last week to members of women's clubs by Mrs. Zoe Spence, chairman of the Domestic Consumer Division.

These sheets contain information that is the basis for the telephone campaign.

"Let each club woman call three who are not club women and ask each woman to phone three more," said Mrs. Spence, "until every home user is alerted to the need of and ways of saving water."

The clubwomen are spearheading the domestic consumer division. About 61 per cent of water used in urban areas is consumed in homes, Mrs. Spence said.

"We must save water by not wasting it," she said, "Do it willingly. Become a water miser. Let even the needless use of one drop bother your conscience."

She said a good citizen during this time of water shortage will brag more about a reduced water bill than a lush, green lawn.

"Think of the many ways you can save water," she said, "such as the right time for sprinkling and plumbing repairs."

The clubwomen also were given 1,000 small posters reminding them of the Don't Waste Water Campaign. A total of 100,000 such posters will be distributed throughout the county, Frank Smith, campaign executive secretary, said.

## Expo Announces New Features

The famous adage, "It's bigger and better," certainly must apply to the 18th annual Southern California Exposition and San Diego County Fair at Del Mar, scheduled to run June 28 through July 7.

A huge building, to be known as Harvest Hall, has been completed and will house feature agriculture displays. This 410' by 140' building which cost \$450,000 replaces the obsolete tents.

"Exhibitors are overwhelmed with the new building," M. E. Salsberry, supt. of agriculture, said. "Exhibits will be easier to set up and maintain. Each display will have its own electrical and water facilities, which couldn't be provided in a tent."

A new livestock barn adjacent to the horse show arena will be in use and paving west of Bing Crosby Hall and in front of the new building will give fairgoers easier footing.

The world's largest forestry mills are located at Longview, Wash., on the banks of the Columbia River, according to the National Automobile Club.

## Bible Comment:

## Promises We Make In Times of Stress Are Soon Broken

WHEN the Jews were rebuilding their homeland after the period of captivity, there was a high note of patriotic fervor, despite constant enemy attack, dangers and privations.

Under selfless, courageous and inspired leaders, the people built with vision. There were few lapses.

But 100 years after the return from exile, the people had learned so little from the experience that apostasy arose. They had turned once again to careless, selfish and evil ways.

The depth of their failure is evident in the intensity with which the prophet Malachi reproves them. They had turned from the laws of God; they had robbed God in not yielding the tithes and offerings for the services of religion and for the benefit of all.

A curse rested upon the nation. And yet a beautiful and merciful God was anxious to pour out His blessings upon the people. "Prove me now here," Malachi represents God as saying, "if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

Do not these words apply with equal vividness to our own time? A little while ago we here in America were in the depth of a terrible depression. A contrite spirit seemed evident in the nation. We were ready for almost any sacrifice or to adopt any measures if we could only get out of the slump that had affected so much in our lives.

How quickly we have forgotten all this in the measure of recovery that has come. Human nature is much the same in every age and, fortunately, so is God's.

There is still hope for nations which will turn to justice and truth.

On Monday, Ed Singer of Van Stelle shut out the Boosters 4-0. A game was scheduled Wednesday and also tomorrow (Friday) at 5:15. This Sunday at 1:15 another double-header will be played. Volunteers have been working on the new field this week, hoping to have it in shape for Sunday's games.

## It's Your Business

By Cecil Candler  
President, San Diego  
BETTER BUSINESS BUREAU

Want to earn easy money at home? Maybe you'd like to address postcards or sell your handcraft output, homemade with no previous experience? Such ads appear frequently in Help Wanted columns. (Editor's Note: Not in the Peninsula News.) Typical is the following:

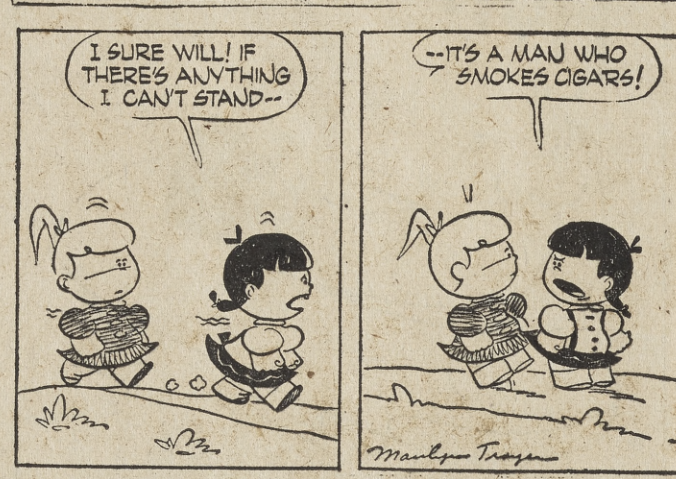

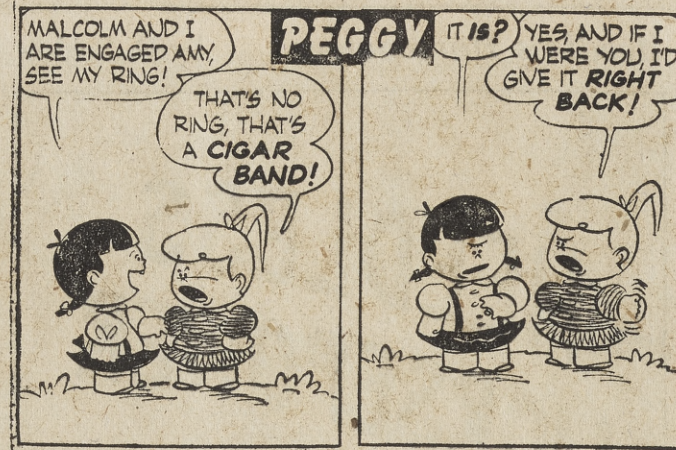

Women who would like to work spare time at home, we have a tremendous backlog of unfilled orders for hand-knitted garments; easy work, very good pay; knitting experience helpful but not necessary.

If you show any interest in his ad or telephone pitch, some salesman is bound to pounce on you. Better beware, for hundreds of complaints have been filed with Better Business Bureaus in recent years because glib-tongued salesmen have made verbal misrepresentations to prospective home-workers.

Ads of the above type often lead readers to believe that the promoter has salaried employment to offer. No mention is made of the fact that the worker must buy a knitting machine—for anywhere up to \$400! In fact, the sole objective of the promoter of the home employment scheme is to make a tremendous profit on home work equipment or instructions he offers for sale.

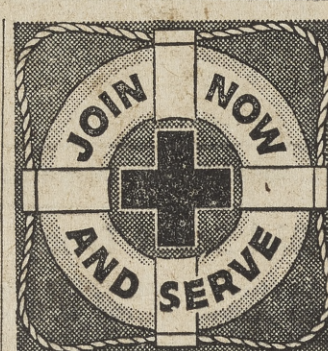

In most cases, it has been found that the company will not buy back the garments knitted by the homemaker, yet his regular monthly payments for the machine which he is buying—not renting—must be made according to contract. Often, the yarn which the company offers to sell at a discount is inferior in quality and may even jam the machines.

Production speed is often exaggerated, any many hours or even days may be necessary to turn out a simple garment. The company does not pay the homemaker for his time, and the promoter may even wander off to explore other fertile fields for

Free grandstand entertainment at the 18th annual Southern California Exposition and San Diego County Fair, June 28-July 7, will be Rhythm On Ice, Oriental Fantasy and the Polack Bros. Circus.

Anyone considering investing in equipment for earning money at home should investigate the reliability and reputation of the firm selling the machine. Find out if there really is a market for his product, and ask the company to permit you to use the machine on a trial basis. Lastly, request a list of ten persons successfully engaged in such work, and find out what success they have had in the enterprise. Your San Diego Better Business Bureau in the Spreckels Building, serving the entire county, welcomes your queries. Investigate before you invest!

## Bible Comment:

### Spiritual Activity Is Necessary Part Of Any Building

How frequently in various communities the problem has arisen of whether churches or schools shall have the proper place or the place of pre-eminence.

People say, "We ought to have a better church," or "We ought to have a better school building, but we can't afford it," or "The time is not right for action."

Yet, how often in modern times is it those who speak this way who have been most zealous in caring for their own comfort and in spending upon themselves?

This was precisely the situation that the prophet Haggai faced in ancient Israel. The people who were saying that it wasn't the right time to build the Lord's House were living in their own well-built and comfortable homes.

Haggai asks them very plainly whether this is wise building. He represents Jehovah as saying to the people that this is not the way of real prosperity. "Go up," says Jehovah, "to the mountains and bring wood, and build the House of the Lord."

It is only in cooperation with the Lord that there can be in any society true and permanent building. Man must work with the forces of God in nature. But he must also work with the God of grace and righteousness and truth.

Consider the communities that have given the proper place to religion and worship. Almost invariably they have been prosperous places. The Puritans in New England came to a region of the country much of which was barren with rock and great stretches of which were in marshes.

Yet they built with permanency as they built faith and the recognition of spiritual values into their communities. It was this spirit of devotion which enabled them to make the best of all they had.

This is the story of what has taken place in regions where men and women have given the primary place to religion.

## Tomato Aspic Molds Pep Up Those Cold Cuts

BY DOROTHY MADDOX

THIS is the season when cold cuts make a welcome meat course for the family dinner. How about giving extra appeal to the cold platter by arranging individual tomato aspic molds in the center? But give the aspic extra appeal, too. Combine with the tomato juice, crisp raw cabbage, celery and green pepper—to make a delightful salad aspic.

### Tomato Perfection Aspic (6 servings)

One envelope unflavored gelatin, 1 1/2 cups tomato juice, 1/2 teaspoon salt, 1/4 teaspoon peppercorns, 1 bay leaf, 1/4 teaspoon whole cloves, 1 small onion, sliced; 2 tablespoons mild vinegar, 1/2 cup finely shredded cabbage, 1 cup diced celery, 2 tablespoons minced green pepper. Sprinkle gelatin on 1/2 cup cold tomato juice to soften. Heat remaining 1 1/4 cups tomato juice with salt, peppercorns, bay leaf, whole cloves and onion in saucepan; simmer 10 minutes. Strain into bowl over softened gelatin; stir until gelatin is dissolved. Add vinegar.

Chill until mixture is the consistency of unbeaten egg whites. Stir in cabbage, celery and green pepper. Turn into individual molds and chill until firm. Unmold in center of cold meat platter, or unmold on lettuce and serve with mayonnaise.

For a warm-weather novelty,

Give cold cuts extra appeal with this appetizing warm-weather platter. Centered are individual tomato aspic molds.

### Mint and Molasses Chiffon Pie (One 9-inch pie)

One envelope unflavored gelatin, 1/2 cup sugar, divided, 1/2 teaspoon salt, 2 eggs, separated, 1/2 cup cold water, 1/4 cup unsulphured molasses, 1/4 cup evaporated milk, 1/4 teaspoon peppermint flavoring, one 9-inch pastry or crumb crust shell.

Mix together gelatin, 1/2 cup of the sugar and salt in saucepan. Beat together egg yolks and water; add to gelatin mix-

ture. Place over low heat, stirring constantly, until gelatin is thoroughly dissolved, about 5 minutes.

Remove from heat, stir in unsulphured molasses, evaporated milk and peppermint flavoring. Chill until mixture mounds slightly when dropped from a spoon. Beat egg whites until stiff, but not dry.

Gradually add remaining 1/2 cup sugar and beat until very stiff. Fold into gelatin mixture. Turn into prepared pie shell; chill until firm. If desired, garnish with whipped cream.

## State Presbyterian Meeting Scheduled

The campus of Occidental College, in the Eagle Rock area, will be the scene June 27 to July 3 for the 106th annual meeting of Synod of California of Presbyterian Church in the U.S.A.

Announcement of the convocation was made this week by Dr. Thomas Holden, of San Francisco, stated clerk of the Synod, with issuance of a detailed program listing day-by-day events of the week-long sessions.

Welcoming the anticipated 1,200 delegates will be Dr. Clair A. Morrow, pastor of Calvary Presbyterian Church, South Pasadena, official host to the assembly. They will come as representatives of the 473 Presbyterian congregations in California, Nevada, and Utah, churches with a combined membership of 217,457.

Meeting concurrently with the Synod will be Women's Synodical Society of California, with Mrs. Varner Jerald, president, convening the initial gathering Friday, June 28, at 9 a.m.

Dr. Francis L. Bennetts, pastor of South Gate Community Presbyterian Church, is retiring moderator of the Synod. One of the first items of business will be the election of his successor, who will preside at business session during the remainder of the meeting, and represent the church at official functions, civic and ecclesiastical, during the coming year.

Guest speakers and leaders at Synod include Dr. Elwyn A. Smith, professor of church history at Western Theological Seminary, Pittsburgh, Pa.; Dr. Andrew E. Kurth, of New York, secretary for field program of the denominational department of stewardship and promotion; and Dr. Ray Harmelink, Philadelphia, acting general secretary of the Presbyterian Board of Christian Education.

Business sessions and worship services of the Synod are open to the public.

## Albacore Threaten Domination Of Yellowtail Derby

Although yellowtail fishing at the Coronado Islands is proceeding at a lively clip, the arrival of the schools of big albacore in local waters threatens complete domination of the second period of the \$25,000 San Diego Yellowtail Derby by the longfin tuna.

For example, leadership changed hands three times within the space of 24 hours this week and minimum qualifying weight rose a full pound to 22-5 in three days.

At present, Joe Glorioso, Los Angeles, is the leader of the derby pack with a 37 pound 6 ounce albacore to his credit. Others in the top bracket, all with big albacore, include: 33-14, L. H. Long, San Diego; 33-8, Glen Kalski, West Los Angeles; 31-6, Mrs. L. H. Long, San Diego; 30-14, Roy Lutes, Alhambra, and 30-2, J. H. Coleman, North Hollywood.

Derby qualifiers this week included: 27-14 albacore, Barney Elffe, 666 San Elijo; 25-2, Leonard Cunningham, 3628 Charles St., 23-6, Elmer Piazza, 2406 Palermo; 22-8, Jo Luman, 3144 Lawrence.

## LOMA PORTAL LITTLE LEAGUE

Taking a virtual stranglehold on the pennant chase in the Loma Portal Little League, Oscar's Midway's knocked over two more opponents last week to rack up their sixth and seventh straight victories against no defeats.

The Midways made it six in a row Monday as they thrashed Whitney's, 11-1, behind the two-hit pitching of Ricky Pruett. Mike Gay paced the victors at bat with three hits, including a homer in the fifth inning.

The hitting of Gay and Billy Krause highlighted Oscar's seventh triumph Saturday when they stopped Cubic Corp., 6-2. Gay hit 2-for-3, including a three-run homer, and Krause collected two

safeties in four trips to the plate. Pitcher Arthur Dean registered 13 strikeouts for Cubic.

North Lumber scored its third victory Wednesday by topping Cubic, 5-3. Doug Blanchard limited the losers to four hits and fanned 13 batsmen, and Allen Campbell led the Lumbermen at bat with 2-for-2.

Whitney's cracked through for their first win of the season Saturday, walloping North Lumber, 12-2, with Billy Dettweiler, Robert Gallagher, Dennis Gonzales and Jerry Whyte sparking the attack.

Bob Falar held the Lumbermen to three hits, doubles by Christy Gregg and Gary Page and a single by David Heath.

## HEALTH FOR ALL

One of the saddest Cinderella stories ever told was the one about the struggling young actress who won the heart of a millionaire.

Her family who had practically disowned her for seeking a stage career now opened their arms. They killed the fatted calf when she came home to prepare for her wedding. (Quite a change from living on malted milks in a Broadway drug store.) "Friends" who had laughed at her struggles were now only too glad to prove their undying affection.

Party followed party. In between, there were fittings, arrangements to be made, changed and made all over again, thanks to write as the gifts poured in. If Cinderella got four hours sleep out of 24 she was lucky. Plenty of chicken in patty shells and fancy desserts were set in front of her, but she was too excited to eat much. Between parties she lived on sandwiches and black coffee.

The wedding went off as sched-

uled: the biggest the town had seen for years. At last Cinderella found herself with the Prince in a first class cabin on the Queen Mary setting out on their honeymoon trip to Europe. She was sick the first day out, and the next, and so on. The sights of Europe were doctors' offices, hotel bedrooms and medicine bottles.

This sad tale is not an unusual one. Too many brides start out on their honeymoons completely worn out by the wedding preparations. The first weeks of marriage are difficult enough without the added complication of a bride suffering from indigestion, exhaustion and frayed nerves.

If you want a real wedding and a happy honeymoon, pay a visit to the family doctor before the festivities shift into high gear. He'll give you a thorough check-up and words of wisdom. You'll do well to follow his advice. Remember that the wedding is, after all, only the prelude to the main event.

### KNIGHTS OF COLUMBUS

In honor of Grand Knight Ralph J. Mazela, of 3178 Milan St., the Knights of Columbus First Degree Ceremonial Class of May 29 was exemplified. It will be known as the "Grand Knight Mazela Class."

Participants were: Frank Brockman, Walter I. Green, Samuel Tromley, the Rev. Father Donald Doxie, Mark A. Tarpey, Donald G. Strada and William C. Dolan.

Following the ceremony a talk was given by Father Cornelius Griffin, US Navy.

Five members of the Point Loma Council added "Sir Knight" to their names June 2 when the Fourth Degree was conferred upon them at Pomona. They are: Dr. Marc Bushard, August Castille, Ed Generas, Ed Rose and Lloyd Rademaker.

The New York Yankees and the Brooklyn Dodgers baseball teams each receive \$750,000 for the television rights to their games.

There are 570,000 residents of New York City of Puerto Rican birth or parentage, a 132 per cent increase since 1950.

The Soviet Union has announced the existence of a new city in the Caucasus, called Lermonov, apparently a secret atomic energy center.

The steadily rising cost of living in Spain has seriously depleted the country's gold and dollar reserves.

Mexico expects to double its network of highways in the next 10 years. The country presently has 20,000 miles of roads, about 15,000 of which are completely paved.

The Southern California Exposition and County Fair's national junior horse show is the largest in the United States.

**MR. ALBERT E. JOHNSON**

of 4609 Narragansett Ave. has several things to say about his Zenith television model Z2223 with matching roll-around base. Mr. Johnson says "Our Zenith gives us very good reception on the Los Angeles channels. Quite often we are able to receive channel 3 from Santa Barbara."

Mrs. Johnson says "The roll-around base is very handy. It lets us turn the TV in any direction without effort." Both Mr. and Mrs. Johnson are pleased with the removable safety glass on their set. This feature which is included on ALL Zenith models, enables them to clean the inside of the glass and the picture tube themselves thus saving the expense of a service call.
